FOR IMMEDIATE RELEASE

**CRAWFORD® APPOINTS MARINE EXECUTIVE GENERAL
ADJUSTER, CRAWFORD GLOBAL TECHNICAL SERVICES**

Captain Danny Duzich to manage large and complex marine claims in the U.S.

ATLANTA (August 2, 2021) Crawford & Company® (NYSE: CRD-A and CRD-B), the world's largest publicly listed independent provider of claims management and outsourcing solutions to carriers, brokers and corporations, is pleased to announce that Captain Danny Duzich has been appointed marine executive general adjuster, Crawford Global Technical Services.

Reporting to Paul Kottler, president, Crawford Global Technical Services U.S., Capt. Duzich joins the largest, most experienced team of strategic loss managers and technical adjusters in the world. In this role, he will evaluate large and complex marine losses, ensuring that every response is tailored to the specific needs of the client.

“When major losses occur, you don’t just need an adjuster, you need a leader. Danny is a remarkable leader with over 50 years of experience in the maritime industry, and we are proud to welcome him to the Crawford family,” said Kottler. “This appointment reflects our continued commitment to restore and enhance lives, businesses, and communities by hiring globally known experts in the field. His in-depth knowledge of marine claims will be vital to providing clients and policyholders with comprehensive solutions.”

Capt. Duzich began his career as a vessel captain and operations manager in the U.S. Atlantic and Gulf of Mexico commercial fisheries sector, followed by 11 years as a U.S. merchant marine officer engaged in domestic and international trade. He then spent 18 years serving clients with marine-related matters including: complex large loss marine H&M and P&I; complex large loss ship repairer’s liability; refining and petrochemical property/cargo losses; complex loss ports and terminals - infrastructure; handling equipment and STS cranes; marine special risks and specialist cargo; inland marine property all coverage forms; subsea equipment & facility; ROV/AUV & subsea architect wellhead to off/onshore
